Müller, Johannes

[Amsterdam, Holland], 1912-1926

February 8th, 1912.

Mr. Johannes Müller,

van Baerlestraat 18,

Amsterdam, Holland.

Dear Sir:-

Will you kindly note the address of this Society is as above, and that it is The American Numismatic Society not the American Numismatic and Archaeological Society, the Archaeological having been dropped from its name several years ago.

I have just received a copy of the TIJDSCHRIFT, which was addressed to the American Numismatic and Archaeological Society, 107 East 45th Street, New York, which, by the way, was never this Society's address. Where a wrong address is given it usually results in a delay in receiving the package.

Very truly yours,

Director.
